

TRIZfest-2026

Call for abstracts

Theory Deepening, Industrial Application, and Educational Transformation: Integrating TRIZ Across Industry, AI, and Lifelong Learning Ecosystems

Dear friends, practitioners and enthusiasts of TRIZ,

Today, as intelligent technologies reshape the global innovation landscape, we need to break boundaries and pool wisdom more than ever. Whether it is the deep thinking of humans, the scientific methods of systems, or the powerful computing capabilities of machines, all offer unprecedented possibilities for solving complex challenges. As in previous years, your participation remains the core driving force behind the success of this conference. Whether you plan to submit academic papers, showcase breakthrough results, or share practical experiences, every contribution will help revitalize the TRIZ methodology in the intelligent era, making it a key engine for connecting global wisdom and driving system innovation.

We sincerely invite you to join the TRIZfest-2026 for this thought-provoking event and explore together "Theory Deepening, Industrial Application, and Educational Transformation: Integrating TRIZ Across Industry, AI, and Lifelong Learning Ecosystems". We firmly believe that it is precisely because of your broad interests, willingness to share knowledge, and continuous commitment to developing and promoting TRIZ that will make 21st TRIZfest one of the most engaging and impactful conferences yet.

Main theme and topics

The main theme of TRIZfest-2026 is “*Theory Deepening, Industrial Application, and Educational Transformation: Integrating TRIZ Across Industry, AI, and Lifelong Learning Ecosystems*”.

The conference will focus on the following topics:

- Re-development and exploration of the TRIZ theory
- Promotion model of TRIZ in enterprises
- Application achievements of TRIZ in advanced manufacturing fields (automobiles, energy, machinery, green manufacturing, etc.)
- Research on TRIZ in higher engineering education
- TRIZ-based model for cultivating skilled talents
- Development of a creativity education system for teenagers based on TRIZ
- AI + TRIZ: Innovation integration in the era of intelligent technology
- Digital transformation application of TRIZ

SPECIAL NOTE: The topics listed above are provided for reference. We also welcome submissions of your own innovative explorations in any application of TRIZ theory. This may include unlisted industries such as healthcare or agriculture, interdisciplinary applications such as psychology + TRIZ, sociology + system innovation, or management + innovative thinking, as well as unique insights into TRIZ methodology, including tool development or localized applications. As long as it relates to the application and development of TRIZ, it meets the submission requirements.

Abstracts, Papers and Presentation submission schedule:

- *Abstract Submission Deadline: March 30th , 2026*
(download the template from here: [Abstract template](#))
- *Notification of Abstract Acceptance: April 30th , 2026*
- *Full Paper Submission: June 30th , 2026*
(download the template from here: [Paper template](#))
- *Notification of paper's acceptance: July 30th , 2026*
- *Submission of paper's final version: August 15th , 2026*
- *Submission of presentation of the paper: September 15h , 2026*
(download the template from here: [Presentation template](#))

Please make sure to submit your abstract, paper and presentation through the Contact Form. You can access this form here: [Submission](#). In the Publication Type field please select the type of document you are submitting.

All papers and presentation slides must be submitted in English for review and inclusion in the TRIZfest Proceedings, with the possibility of publication in the International Journal.

If you wish to have your paper published in the Chinese Journal of The Theory and Practice of Innovation and Entrepreneurship, welcome to provide a Chinese version of your full paper via this email address info@iwintall.com.

Submission Terms & Agreement

By submitting an abstract, paper, or presentation (hereafter "submitted materials") for TRIZfest-2026, the author(s) automatically agree to the following terms:

1. Public Availability and Licensing:

The author(s) grant the TRIZfest-2026 Organizers a non-exclusive, irrevocable license to publish their full name(s), surname(s), and the entirety of the submitted materials under the Creative Commons Attribution License (CC BY 4.0). This includes:

- *Presentation of the work during the TRIZfest-2026 conference.*
- *Publication in the official conference proceedings, which will be publicly distributed in digital and/or print formats.*

2. Author Responsibility:

The Organizers of TRIZfest-2026 assume no responsibility for the content, accuracy, legality, or originality of submitted materials. The author(s) retain full responsibility for:

- *Ensuring the work does not infringe upon any third-party intellectual property rights (e.g., copyrights, trademarks, patents).*
- *Verifying the factual and ethical integrity of the content.*
- *Obtaining permissions for any third-party materials (e.g., images, data) included in their submission.*

3. Rights and Permissions:

By submitting materials, the author(s) confirm they hold the necessary rights to grant the above license and that the work:

- *Is original or properly licensed for reuse/adaptation.*
- *Does not violate confidentiality agreements or legal obligations.*
- *Complies with all applicable laws and ethical standards.*

Submission of materials constitutes explicit acceptance of these terms.
